The Cost of Patronage is £25–00 per annum.

If you have any suggestions as to how we could improve Patronage I would be delighted to hear from you. Also, if you have any ideas of how we could provide variety in the way we entertain our Patrons during the year, I would also be more than pleased to hear from you.

Patronage plays a very important part in keeping the Arts Club going. The income is steady and Patrons come along and support the shows, and bring their friends. Both of these aspects are of vital importance to the future of The Arts Club in bringing to the local stage such a wonderful selection of Musicals.

I am committed to making all Patrons feel that they are special and are treated to some friendly hospitality on Show nights.

Regards
